

SPIRO

SINGLE-HOLE KITCHEN FAUCET WITH PULL-DOWN SPRING SPOUT

Signature Faucets
[END THE ORDINARY.]

DESIGN: Commercial — Spring Coil Spout

SPOUT: Pull-Down · 360° Swivel

RANGE: Kitchen Faucets

Bring the professional kitchen look home. The Spiro pairs an open spring-coil spout with a pull-down sprayer that reaches every corner of the sink and re-docks on its own with a gravity-ball counterweight. A single lever runs temperature and flow, a rocker switch toggles stream and spray, and the lead-free stainless body is built for daily use. Restaurant-inspired style, sized for a home kitchen.

INCLUDED IN THE BOX

- Faucet body (spout + handle assembly)
- Water supply lines (hot & cold hoses)
- Mounting Hardware Kit
- Gravity ball counterweight
- Installation manual

CERTIFICATIONS

CE Mark — European Conformity

PLEASE NOTE

The spring-coil spout flexes to reach across the sink and returns on its own; do not force or over-extend the coil. Exceeding recommended water pressure or temperature may damage the faucet; a pressure reducing valve is recommended in high-pressure installations.

CARE INSTRUCTIONS

Wipe with a soft, damp cloth. Avoid detergents, acids, polishers, abrasives, and coarse cloths. Finishes may age naturally with time and regular use.

WARRANTY

5-year warranty on parts · 2-year on finishes · US residential installations · Claims at signaturefaucets.com/pages/warranty-claim
