

KLEMPNER

COMMERCIAL KITCHEN FAUCET WITH PULL-DOWN SPRAYER & POT FILLER

Signature Faucets
[END THE ORDINARY.]

DESIGN: Commercial — Spring Spout + Pot Filler

SPOUT: Dual Outlet · 360° Independent Swivel

RANGE: Kitchen Faucets

Bring commercial kitchen performance home. The Klempner pairs a spring-coil pull-down sprayer with an integrated pot filler arm, both fed by a single lever. The coiled spring spout flexes to reach anywhere in the sink and returns on its own, the squeeze-trigger head delivers a powerful spray, and the solid deck-mount base keeps it all planted. Restaurant-grade, without the compromise.

- Water supply lines (hot & cold hoses)
- Mounting Hardware Kit
- Installation manual

CERTIFICATIONS

CE Mark — European Conformity

PLEASE NOTE

The pot filler arm and the main spring spout rotate independently through 360°. Exceeding recommended water pressure or temperature may damage the faucet; a pressure reducing valve is recommended in high-pressure installations.

CARE INSTRUCTIONS

Wipe with a soft, damp cloth. Avoid detergents, acids, polishes, abrasives, and coarse cloths. Finishes may age naturally with time and regular use.

WARRANTY

5-year warranty on parts · 2-year on finishes · US residential installations · Claims at signaturefaucets.com/pages/warranty-claim
